

The Gladiator Shot tournament will take place on Saturday 14th December in the afternoon, just after the end of the second qualification round. The tournament is reserved to only the six lucky persons drawn amongst those who registered before 3:00 p.m. of the same day. Registration is free of charge and reserved to all those born before 2010 (over nine years of age). The draw of the participants will take place just before the start. The Gladiator Shot will be held on the competition field having a distance of ten meters. BigArchery will give the participants a special bow and arrows. The players will be asked to shoot at the targets shaped like a Gladiator (ancient Roman combatants in the Arena).

*in case the drawn archer does not show up in the playing field after a minute after the draw, he will lose his right to take part in the tournament and another draw will take place.

THE GAME

The game consists of two semifinals with three players and the final amongst the winners of the two semis. In each semifinal three archers shoot a single arrow in the fastest way possible trying to hit the spot on their own Gladiator. If more than one player succeeds in this the winner will be THE ONE who hit first. If no-one hits the spot, no-one will go to the final. In case only one of the semis produces a finalist, he/she is automatically the winner of the prize. If no-one is able to move forward to the final the prize is not assigned and will be put at stake in the next edition of the trophy. In the final, the two players shoot until the first one hits the spot. He/She will be the winner of the prize.

REGISTRATION

Registration takes place at the BigArchery booth;

Friday from 12:00 to 5:00 p.m.

Saturday from 9:00 a.m. to 3:00 p.m.

All the persons who register will receive a gadget.

The Big Archery Gladiator Shot tournament will take place on Saturday 14th December after the end of the second qualification round and before the practice of the third.
